

AKASH VISHWAKARMA

+91 8691963784 • vishwakarmaakashav17@gmail.com • Thane, Mumbai • [LinkedIn](#) • [GitHub](#)

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, C++, SQL

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, ShadCN-UI, Responsive UI Design

Backend: Node.js, Express.js, RESTful APIs, Flask, FastAPI

Databases: MongoDB (schema design, indexing, query optimisation), MySQL, SQLite

MERN Stack: MongoDB • Express.js • React.js • Node.js end-to-end production experience

AI / LLM: LangChain, LangGraph, RAG, Agentic AI, AI Agents, Prompt Engineering, OpenAI API, Gemini API, HuggingFace, Pinecone, ChromaDB

Tools & DevOps: Vercel, Git, GitHub, Docker, Postman, Google OAuth, CI/CD workflows

Core CS: Data Structures & Algorithms, OOP, System Design, Database Design

EXPERIENCE

Full-Stack Developer Intern | AIBI Street Pvt. Ltd. (Remote)

Jan 2024 – Aug 2024

- Architected and deployed Memewarzz, a production MERN stack social media platform (Next.js, Node.js, MongoDB, React.js), boosting user engagement by 35% through optimised UI and component architecture
- Engineered MongoDB schemas with advanced indexing strategies, reducing database query response time by 40% and ensuring scalability under growing data loads.
- Developed 10+ RESTful API endpoints with input validation, error handling, and rate limiting, maintaining 99.9% uptime across the production environment
- Collaborated in a 4-engineer agile team; participated in peer code reviews and maintained clean, modular, OOP-aligned code using Git/GitHub CI/CD workflows

Software Development Intern | Sumago Infotech Pvt. Ltd.

July 2023 – Aug 2023

- Gained hands-on experience with LMS architecture and full-stack development workflows across a 6-week intensive programme under senior developer mentorship
- Improved code quality by 25% through systematic testing, debugging, and requirement analysis — delivering cleaner, more maintainable code on each iteration
- Applied SDLC best practices end-to-end: requirement gathering, design, development, testing, and deployment across real client projects

PROJECTS

WealthWise - AI Financial Planning Web App | Next.js, React.js, Node.js, Express.js, MongoDB, Gemini API, Tailwind CSS

- Architected and deployed a full-stack production web app for budget generation, expense tracking, and goal planning, serving **50+** active users across India and the USA
- Integrated Gemini AI API for personalised budget recommendations via RESTful endpoints with robust input validation and error handling
- Implemented secure Google OAuth + OTP authentication system and multilingual support for **10** Indian languages, increasing accessibility by **60%**
- Designed scalable MongoDB schemas and a reusable React.js component library; achieved **43%** bounce rate reflecting strong user engagement on a responsive, cross-device UI
- Live Demo:** <https://www.mywealthwise.in/>

DesignRip - AI-Powered Design Intelligence Tool | Next.js 15, Playwright, Groq AI, Llama 3.3, Tailwind CSS

- Built and deployed an AI-powered tool that reverse-engineers any public website's design system, extracting color palettes, typography, spacing tokens, and component snapshots into a production-ready **design.md** file
- Engineered a Playwright headless browser scraping pipeline to extract computed DOM/CSS styles and capture high-fidelity viewport screenshots for AI processing
- Integrated Groq SDK with Llama 3.3-70b model to convert raw scraped JSON into structured, human-readable design system documentation in seconds

- Gained organic international traction across 5 countries (India, USA, Bangladesh, Brazil, Canada) with traffic from Google, LinkedIn, Perplexity.ai, and Twitter within days of launch
- **Live Demo:** <https://www.designrip.in/>

AI Agent / Chat-with-Data System | *LangChain, LangGraph, Node.js, Pinecone, ChromaDB, OpenAI/Gemini API, REST APIs*

- Built a production-grade Agentic AI system using RAG architecture to answer user queries over custom datasets with semantic search and context-aware responses
- Designed LangChain pipelines for document ingestion, chunking, HuggingFace embeddings, and vector database retrieval (Pinecone/ChromaDB)
- Implemented LangGraph for multi-step reasoning and autonomous workflow orchestration; exposed system via REST APIs for real-world integration
- Mitigated hallucinations and irrelevant retrieval using prompt engineering constraints and result filtering — ensuring production-ready response quality

ACHIEVEMENTS & RECOGNITION

- **Smart India Hackathon (SIH) 2025 | Grand Finalist:** Top 5 nationwide from 500+ teams; built a crowdsourced ocean-hazard platform under the Ministry of Earth Sciences · 2025
- **Eureka! 2025 Pre-Zonal | Shortlisted (IIT Bombay):** Selected to pitch WealthWise before startup mentors & industry judges · 2025
- **Anveshana Science & Engineering Fair 2025:** Selected Top 40 from 1,300+ national entries · 2025
- **Winner | TECH ZEPHYR CodeByte 2.0:** 1st place at 24-hr hackathon, Lokmanya Tilak College of Engineering; built PRAMAN.AI, a climate-displacement system · Jan 2026
- **Winner | AI EXPO 2026:** Best project award, B.K. Birla College · Jan 2026
- **Winner | Best Agentic A.I., Breaking Enigma 4.0:** Top prize for Agentic AI track, VIT Pune · Apr 2026
- **Winner | PitchCraft 2025:** Won among 50+ teams for WealthWise, E-Cell SIESGST · 2025
- **Runner-Up | Hackhive 2.0 Cybersecurity Hackathon:** DMCE Airoli · Mar 2026
- **Runner-Up | Paradox Agentic AI Hackathon 2026:** SIES Graduate School of Technology · Mar 2026
- **Top 5 Finalist | Prkalp 4.0 Ideathon:** K.J. Somaiya College of Engineering · Mar 2026
- **Top 10 Finalist | Hackniche 4.0:** SVKM's Dwarkadas J. Sanghvi College of Engineering · Mar 2026
- **Top 10 Finalist | Innov8 4.0 Hackathon:** Terna Engineering College · Feb 2026
- **Top 10 Finalist | Oscillation 3.0 Ideathon:** Thakur College of Engineering & Technology · Mar 2026
- **Technical Star Award | SIES GST:** Recognised for exemplary academic and technical excellence · AY 2025–26

EDUCATION

B.E. in Computer Engineering | CGPA: 9.0

SIES Graduate School of Technology, Navi Mumbai,

2024 – Present

Diploma in Computer Engineering | 90%

Government Polytechnic Thane

2022 – 2024
